NEW MY REVIEW

Love it

10 Jun 2019

★★★★★ 5 Stars

I like the bright colours. I like the POV of Myles. I thought the music was loud and great.

Story- A young adult learning to become a superhero to save the world from impending doom. Thrown into a cold water when his role model dies and having to grow as a person too with a new but reluctant new mentor.

Sound- it uses music to put energy into scenes, different styles for different styles for different situations like low fi hip hop for calm part and intense electronic for intense parts. The opening begins with miles listening to his favorite song and his comfort zone
