

I Am... How Are We the Same and How Are We Different?

Work with a partner to list what makes you the same and what makes you different. Remember to be kind to each other – our differences make us unique and special.

The worksheet is designed for a partner activity. It consists of two identical sections, one on the left and one on the right. Each section has a central purple-bordered box labeled "Name:". From this box, three arrows point upwards to three empty circles (orange for the left section, green for the right section). From the same box, three arrows point downwards to three more empty circles (orange for the left section, green for the right section). In the center of the page, between the two sections, is an illustration of two children: a boy with dark skin wearing a white lab coat, and a girl with light skin wearing a teal long-sleeved shirt and white pants, with her hands raised in a celebratory gesture.
